INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members
of the Borough Council
Borough of Hillsdale, New Jersey

We have audited the accompanying statements of assets, liabilities, reserves and fund balance-regulatory basis of the various funds of the Borough of Hillsdale (the "Borough"), State of New Jersey, as of December 31, 2010 and 2009, and the related statements of operations and changes in fund balance-regulatory basis for the years then ended, and the related statements of revenue-regulatory basis and statements of expenditures-regulatory basis for the year ended December 31, 2010. These financial statements are the responsibility of the Borough's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Except as discussed in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the *Division of Local Government Services, Department of Community Affairs, State of New Jersey*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the financial statements previously referred to have been prepared in conformity with accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which differ from accounting principles generally accepted in the United States of America. The effect on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the effects on the financial statements of the requirement that the Borough prepare its financial statements in accordance with accounting practices on the basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Borough as of December 31, 2010 and 2009, or the results of its operations and changes in fund balance for the years then ended.

Furthermore, in our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, reserves and fund balance-regulatory basis of the various funds of the Borough as of December 31, 2010 and 2009, and the results of its operations and changes in fund balance of such funds-regulatory basis for the years then ended, and the revenues-regulatory basis and expenditures-regulatory basis of the various funds for the year ended December 31, 2010 in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated February 28, 2011 on our consideration of the Borough's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Borough's basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance programs are presented for the purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and are not a required part of the financial statements. In addition, the supplementary financial statements presented for the various funds are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements of each of the respective individual funds taken as a whole.

BOROUGH OF HILLSDALE
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2010 AND 2009

1. Summary of Significant Accounting Policies

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB Codification establishes seven fund types and two account groups to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America (GAAP).

The financial statements of the Borough of Hillsdale (the "Borough") have been prepared in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the following separate funds, which differ from the fund structure required by GAAP.

A. Reporting Entity

The Borough operates under an elected Mayor/Council form of government. The Borough's major operations include public safety, road repair and maintenance, sanitation, fire protection, recreation and parks, health services, and general administrative services.

GASB has issued Statement No. 14, which requires the financial reporting entity to include both the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board and either a) the ability to impose will by the primary government or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government.

However, the municipalities in the State of New Jersey do not issue financial statements in accordance with GAAP, and thus, do not comply with all of the GASB pronouncements. The financial statements contained herein include only those boards, bodies, officers, or commissions as required by NJS 40A:5-5. Accordingly, the financial statements of the Borough do not include the Volunteer Fire Department, First Aid Organization or Public Library which are considered component units under GAAP. Complete financial statements of the above components can be obtained by contacting the Treasurer of the respective entity.

B. Fund Accounting

Fund accounting is designed to demonstrate legal compliance and to aid financial administration by segregating transactions related to certain Borough functions or activities. An account group, on the other hand, is designed to provide accountability for certain assets and liabilities that are not recorded in those Funds. The Borough has the following funds and account group:

Current Fund – This fund accounts for resources and expenditures for governmental operations of a general nature, including Federal and State grants.

(Continued)

1. Summary of Significant Accounting Policies (Continued)

B. Fund Accounting (Continued)

Trust Fund – Trust funds are used to account for assets held by the government in a trustee capacity. Funds held by the Borough as an agent for individual, private organizations, or other governments are recorded in the Trust Funds.

Other Trust Fund – This fund is established to account for the assets and resources which are also held by the Borough as a trustee or agent for individuals, private organizations, other governments and/or other funds.

Animal License Fund – This fund is used to account for fees collected from animal licenses and expenditures which are regulated by NJS 4:19-15.11.

General Capital Fund – This fund is used to account for the receipt and disbursement of funds used for acquisition or improvement of general capital facilities, other than those acquired in the Current Fund.

Public Assistance Fund – This fund is used to account for the receipt and disbursement of funds that provide assistance to certain residents of the Borough pursuant to Title 44 of New Jersey Statutes.

Swimming Pool Utility Fund – This fund is used to account for the operations and acquisition of these capital facilities and municipally-owned swim pool utility.

General Fixed Assets Account Group - To account for all fixed assets of the Borough. The Borough's infrastructure is not reported in the group.

C. Basis of Accounting

A modified accrual basis of accounting is followed by the Borough. Under this method of accounting, revenues, except for State/Federal Aid, are recognized when received and expenditures are recorded when incurred. The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from generally accepted accounting principles (GAAP) applicable to local government units. The more significant differences are as follows:

Property Tax Revenues – Real property taxes are assessed locally, based upon the assessed value of the property. The tax bill includes a levy for Municipal, County and School purposes. The bills are mailed annually in June for that calendar year's levy. Taxes are payable in four quarterly installments on February 1, May 1, August 1, and November 1. The amounts of the first and second installments are determined as one quarter of the total tax levied against the property for the preceding year. The installment due the third and fourth quarters is determined by taking the current year levy less the amount previously charged for the first and second installments, with the remainder being divided equally. If unpaid on these dates, the amount due becomes delinquent and subject to interest at 8% per annum, or 18% on any delinquency amount in excess of \$1,500. The school levy is turned over to the Board of Education as expenditures are incurred, and the balance, if any, must be transferred as of June 30, of each fiscal year. County taxes are paid quarterly on February 15, May 15, August 15 and November 15, to the County by the Borough.

BOROUGH OF HILLSDALE
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2010 AND 2009
(Continued)

1. Summary of Significant Accounting Policies (Continued)

C. Basis of Accounting (Continued)

When unpaid taxes or any municipal lien, or part thereof, on real property, remains in arrears on April first in the year following the calendar year levy when the same became in arrears, the collector in the municipality shall subject to the provisions of the New Jersey Statutes enforce the lien by placing the property on a tax sale. Annual in rem tax foreclosure proceedings are instituted to enforce the tax collection or acquisition of title to the property by the Borough. In accordance with the accounting principles prescribed by the State of New Jersey, current and delinquent taxes are realized as revenue when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the taxes receivable and tax title liens that are uncollectible. GAAP requires property tax revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Miscellaneous Revenues - Miscellaneous revenues are recognized on a cash basis. Receivables for the miscellaneous items that are susceptible to accrual are recorded with offsetting reserves on the statement of financial position of the Borough's Current Fund and Swimming Pool Utility Fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Grant Revenues - Federal and State grants, entitlements or shared revenues received for purposes normally financed through the Current Fund, are recognized when anticipated in the Borough's budget. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Budgets and Budgetary Accounting - An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures for the Current Fund and Swimming Pool Utility Fund.

The Borough is not required to adopt budgets for the following funds:

Trust Funds
General Capital Fund
Public Assistance Fund
Swimming Pool Capital Fund

The governing body shall introduce and approve the annual budget not later than February 10, of the fiscal year. The budget shall be adopted not later than March 20, and prior to adoption must be certified by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The director of the Division of Local Government Services, with the approval of the Local Finance Board may extend the introduction and approval and adoption dates of the municipal budget. The budget is prepared by fund, function, activity and line item (salary or other expense) and includes information on the previous year. The legal level of control for appropriations is exercised at the individual line item level for all operating budgets adopted. Emergency appropriations, those made after the adoption of the budget and determination of the tax rate, may be authorized by the governing body of the municipality. During the last two months of the fiscal year, the governing body may, by a 2/3 vote, amend the budget through line item transfers. Management has no authority to amend the budget without the approval of the Governing Body. Expenditures may not legally exceed budgeted appropriations at the line item level. During 2009, the Mayor and Council approved several budget transfers.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2010 AND 2009
(Continued)

1. **Summary of Significant Accounting Policies (Continued)**

C. Basis of Accounting (Continued)

Expenditures - Expenditures are recorded in the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with an encumbrance accounting system. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements. Unexpended or uncommitted appropriations at December 31 are reported as expenditures through the establishment of appropriation reserves, unless canceled by the governing body. Except for unmatured interest on general long-term debt which should be recognized when due, GAAP requires expenditures, if measurable, to be recognized in the accounting period in which the fund liability is incurred.

Encumbrances - Contractual orders outstanding at December 31 are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves - Appropriation Reserves are available, until lapsed, at the close of the succeeding year to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Compensated Absences - Expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

Property Acquired for Taxes - Property acquired for taxes is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at market value on the date of acquisition.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves, which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

Inventories - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statement of financial position.

Cash and Investments - Cash includes amounts in demand deposits, as well as short-term investments, with a maturity date within one year of the date acquired by the government. Investments are stated at cost and are limited by N.J.S.A. 40A:5-15.1(a)

BOROUGH OF HILLSDALE

YEARS ENDED DECEMBER 31, 2010 AND 2009
(Continued)

1. Summary of Significant Accounting Policies (Continued)

C. Basis of Accounting (Continued)

Deferred Charges to Future Taxation Funded and Unfunded – Upon the authorization of capital projects, the Borough establishes deferred charges for the costs of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or nonfunding of the authorized cost of capital projects. According to N.J.S.A. 40A:2-4, the Borough may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Borough raises the debt requirements for that particular year in the current budget. As the funds are raised by taxation, the deferred charges are reduced.

General fixed Assets – The Borough has developed a fixed assets accounting and reporting system as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain (“infrastructure”) general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available.

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capitals have not been accounted for separately.

GAAP requires that fixed assets be capitalized at historical or estimated historical cost if actual historical cost is not available.

Use of estimates - The preparation of financial statements requires management of the Borough to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from these estimates.

Comparative Data – Comparative data for the prior year has been presented in the accompanying statements of financial position and statements of operations in order to provide an understanding of changes in the Borough’s financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

 NOTES TO FINANCIAL STATEMENTS
 YEARS ENDED DECEMBER 31, 2010 AND 2009
 (Continued)

1. Summary of Significant Accounting Policies (Continued)

D. Basic Financial Statements

The GASB Codification also defines the financial statements of a governmental unit to be presented in the financial statements to be in accordance with GAAP. The Borough presents the financial statements listed in the table of contents, which are required by the Division, and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

2. Cash and Cash Equivalents

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the government’s deposits may not be returned to it. The Borough’s policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 40A: 5-15.1(a) that are treated as cash equivalents. As of December 31, 2010, \$0 of the Borough’s bank balance of \$ 5,927,648.79 was exposed to custodial credit risk.

3. Investments

Interest Rate Risk. The Borough does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 40A: 5-15.1(a) limits the length of time for most investments to 397 days.

Credit Risk. New Jersey Statutes 40A: 5-15.1(a) limits municipal investments to those specified in the Statutes. The type of allowable investments are Bonds of the United States of America or of the local unit or school districts of which the local unit is a part of: obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

Concentration of Credit Risk. The Borough places no limit on the amount the Borough may invest in any one issuer.

As of December 31, 2010, the Borough had investments totaling \$ 252,487.67 in the State of New Jersey Cash Management Plan, which is accounted for in the following funds:

	12/31/10	12/31/09
Current Fund	\$ 101,898.12	\$ 101,640.36
Capital Fund	67,129.15	66,959.36

13. Pension Plans

Description of Plans

Substantially all of the Borough's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Police and Firemen's Retirement System (PFRS) or the Public Employees' Retirement System (PERS). Those systems are sponsored and administered by the State of New Jersey and are considered a cost sharing multiple-employer plans. According to the State of New Jersey Administrative Code, all obligations of the systems will be assumed by the State of New Jersey should the systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for PERS and PFRS. This report may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625.

Public Employees' Retirement System (PERS)

The Public Employees' Retirement System was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full time employees of the State or any county, municipality, school district or public agency provided the employee is not required to be a member of another State-administered retirement system or other state or local jurisdiction.

Police and Firemen's Retirement System (PFRS)

The Police and Firemen's Retirement System was established in July 1944 under the provisions of N.J.S.A. 43:16A to provide retirement, death and disability benefits to its members. Membership is mandatory for all full time county and municipal police and firemen, and state firemen or officer employees with police powers appointed after June 30, 1944.

Funding Policy

The contribution policy is set by laws of the State of New Jersey and, in most retirement systems, contributions are required by active members and contributing employees. Plan member and employer contributions may be amended by State of New Jersey legislation. The pension funds provide for employee contributions based on 5.5% for PERS and 8.5% for PFRS of the employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in PERS and PFRS. The Borough's contributions to PERS and PFRS were as follows:

<u>Year Ended December 31,</u>	<u>PERS Amount</u>	<u>PFRS Amount</u>
2010	\$ 185,214.00	\$ 480,362.00

14. Deferred Compensation Plan

The Borough of Hillsdale maintains a Deferred Compensation Plan in accordance with Internal Revenue Code Section 457.

Any employee of the Borough is eligible to participate in the Plan. Participation in the Plan is entirely voluntary on the part of each employee. Under the plan, employees may elect to defer a portion of their salaries and avoid paying taxes on the deferred portion until the withdrawal date. The deferred compensation amount is not available for withdrawal by employees until termination, retirement, death, or unforeseeable emergency. The Borough does not and is not required to make contributions to the Plan.

The deferred compensation plan is administered by unrelated financial institutions. Under the terms of an IRC Section 457 deferred compensation plan, all deferred compensation and income attributable to the investment of the deferred compensation amounts are held in trust for the exclusive benefit of participants and their beneficiaries and is not a part of the financial statements of the Borough.

15. Post Employment Benefits

Plan Description. The Borough of Hillsdale contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq. to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. In July, 2009, the Borough of Hillsdale authorized participation in the SHBP's post-retirement benefit program through resolution number 09103. Any employee who retires after twenty-five (25) years or more of service within the Borough shall be entitled to be continued in the above health insurance coverage on a family-plan basis, with the cost thereof to be paid by the Borough. This does not include dental benefits.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at www.state.nj.us/treasury/pensions/gasb-43-sept2008.pdf

Funding Policy. Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

15. Post Employment Benefits (Continued)

Contributions to pay for the health premiums of participating retirees in the SHBP are billed to the Borough of Hillsdale on a monthly basis.

The Borough of Hillsdale contributions to SHBP for the year ended December 31, 2010 was \$ 266,744.52, which equaled the required contributions. There were approximately 21 retired participants eligible at December 31, 2010.

The Borough of Hillsdale also provides qualified retirees with dental benefits and Medicare Part A and B reimbursements. In 2010, The Borough's contribution of the dental premium to Bergen Municipal Employee Benefits Fund on behalf of the retirees was \$8,088 and the Borough's payment to the retirees' Medicare premiums was \$10,878.50.

16. Compensated Absences

Under the existing policies and labor agreements of the Borough, certain employees are allowed to accumulate (with restrictions) unused vacation and sick pay beyond the current year. The estimated cost of any unpaid employee compensation benefits as of December 31, 2009 was \$ 201,417.78. This amount is not reported either as an expenditure or liability. The estimated cost as of December 31, 2010 was unavailable at February 28, 2011.

17. Contingencies

Litigation

The Borough is party to various legal proceedings, which normally occur in governmental operations. Management has determined the outcome of pending litigation will not materially affect the December 31, 2010 financial position.

Deferred Medical Insurance Premium

On July 23, 2009, the Borough adopted a resolution #09104 to elect the two-month premium delay option under the New Jersey State Health Benefits Program (SHBP). Under this option, the Borough delayed the first two month premiums totaling \$110,410.46. When the Borough elects to terminate SHBP participation in the future or the Program ceases to exist, the Borough will pay any delayed premiums immediately. The Borough also established a medical benefit account to reserve the deferred medical insurance premium. The balances in the medical benefit account were \$31,683.07 and \$7,904.38 as of December 31, 2010 and 2009, respectively.

18. Claims and Judgments

The Borough participated in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the Borough may be required to reimburse the grantor government. As of December 31, 2010, significant amounts of grant expenditure have not been audited by the various grantor agencies but the Borough believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the Borough.

19. Risk Management

The Borough is exposed to various risks of loss related to general liability, automobile coverage, damage and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Borough has obtained insurance coverage to guard against these events which will provide minimum exposure to the Borough should they occur. During the 2010 calendar year, the Borough did not incur claims in excess of their coverage and the amount of coverage did not significantly decrease.

The Borough is a member of the Bergen County Joint Insurance Fund (BCJIF) and Municipal Excess Liability Joint Insurance Fund (MEL). The joint insurance funds are both an insured self-administered group of municipalities established for the purpose of insuring against property damage, general liability, motor vehicles and equipment liability and worker's compensations. The BCJIF and MEL coverage amounts are on file with the Borough.

The relationship between the Borough and respective insurance funds is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The Borough is contractually obligated to make all annual and supplementary contributions to insurance funds, to report claims on a timely basis, cooperate with the management of the Fund, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by the insurance funds. Members have a contractual obligation to fund any deficit of the insurance funds attributable to a membership year during which they were a member.

The funds provide its members with risk management services, including the defense of and settlement of claims, and established reasonable and necessary loss reduction and prevention procedures to be followed by the members.

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverages in any of the prior three years.

20. Emergency Services Volunteer Length of Service Award Plan (LOSAP)

On August 17, 1999, the Division of Local Government Services approved the Borough's LOSAP Plan, provided by Lincoln National Life Insurance Company. The purpose of this plan is to enhance the Borough's ability to retain and recruit volunteer firefighters and volunteer members of emergency service squads.

Lincoln National Life Insurance Company will provide for the benefit of participants, a multi-fund variable annuity contract as its funding vehicle. The plan shall have minimum and maximum contribution requirements as follows: the minimum contribution for each participating active volunteer member shall be \$300 per year of active emergency service and the maximum contribution for each active volunteer member shall be \$1,150 per year of active emergency service, subject to periodic increases as permitted by N.J.A.C. 5:30-14.9. The Borough's contribution shall be included in the current year's budget.

20. Emergency Services Volunteer Length of Service Award Plan (LOSAP) - Continued

All amounts awarded under a length of service award plan shall remain the asset of the sponsoring agency; the obligation of the sponsoring agency to participating volunteers shall be contractual only; and no preferred or special interest in the awards made shall accrue to such participants. Such money shall be subject to the claims of the sponsoring agency's general creditors until distributed to any or all participants.

The plan has been reviewed by an independent accountant for the year ended December 31, 2010 in accordance with the American Institute of Certified Public Accountants (AICPA) Statement on Standards for Accounting and Review Services.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and Members
of the Borough Council
Borough of Hillsdale, New Jersey

We have audited the financial statements of the Borough of Hillsdale ("Borough"), State of New Jersey, as of and for the year ended December 31, 2010, and have issued our report thereon dated February 28, 2011. Our report disclosed that, as described in Note 1 to the financial statements, the Borough prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey ("Division"), that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and audit requirements as prescribed by the Division.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Borough's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control over financial reporting.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

However, we identified certain deficiencies in internal control over financial reporting, described in the accompanying Schedule of Audit Findings and Recommendations that we consider to be significant deficiencies in internal control over financial reporting. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards, and audit requirements as prescribed by the Division.

We noted certain matters that we reported to management of the Borough in a separate letter dated February 28, 2011. The Borough's responses to findings identified in our audit are described in the accompanying schedule of findings and recommendations. We did not audit the Borough's response, and accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Borough's management, council members, others within the organization, the Division, and federal and state awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

BOROUGH OF HILLSDALE
 NOTES TO THE SCHEDULES OF EXPENDITURES
 OF FEDERAL AND STATE FINANCIAL ASSISTANCE
 FOR THE YEAR ENDED DECEMBER 31, 2010

1. General

The accompanying schedules present the activity of all federal and state financial assistance programs of the Borough of Hillsdale. The Borough is defined in Note 1A of the Borough's financial statements. All federal financial assistance received directly from federal agencies, as well as federal financial assistance passed through other government agencies is included on the schedule of expenditures of awards.

2. Basis of Accounting

The accompanying schedules are presented using the modified accrual basis of accounting as prescribed for municipalities by the Division of Local Government Services, Department of Community Affairs, State of New Jersey which differ in certain respects from generally accepted accounting principles (GAAP) applicable to local government units. This basis of accounting is described in Note 1C of the Borough's financial statements.

3. Relationship of Financial Statements

Program expenditures reported in the accompanying schedules agree with amounts reported in the Borough's financial statements, exclusive of the unappropriated reserves. Financial assistance awards are reported in the Borough's financial statements on a basis of accounting described above as follows:

	<u>State</u>	<u>Federal</u>	<u>County</u>	<u>Total</u>
Current / Grant Fund	\$ 14,264.25	\$ 4,945.00	\$ 16,531.96	\$ 35,741.21

Contracts and Agreements Required to be Advertised for NJS 40A:11-4

NJS40A:11-4 states "Every contract awarded by the contracting agents, for the provision or performance of any goods or services, the cost of which in the aggregate exceed the bid threshold [40A:11-3 "a contract year the total sum of \$26,000...If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L.1971, c.198 (C.40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$36,000.]", shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law."

NJS40A:11-9 states "The governing body of any contracting unit may by ordinance, in the case of a municipality, by ordinance or resolution, as the case may be, in the case of a county, or by resolution in all other cases, establish the office of purchasing agent, or a purchasing department or a purchasing board, with the authority, responsibility, and accountability as its contracting agent, for the purchasing activity for the contract in unit, to prepare public advertising for bids and to receive bids for the provision or performance of goods or services on behalf of the contracting unit and to award contracts permitted pursuant to subsection a. of section 3 of P.L.1971, c. 198 (C.40A:11-3) in the name of the contracting unit, and conduct any activities as may be necessary or appropriate to the purchasing function of the contracting unit."

The Governing Body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed \$26,000.00 within the calendar year or any twelve-month period. Where questions arise as to whether any contract or agreement might result in a violation of the statute, the Borough Attorney's opinion should be sought before a commitment is made.

The minutes indicate that resolutions were adopted and advertised, authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of \$36,000.00 "for the performance of any work, or the furnishing or hiring of any materials or supplies," other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of NJS 40A:11-6.

Expenditure of \$3,900.00 or more and less than \$26,000 (\$5,400.00 or more and less than \$36,000 with qualified purchasing agent) Per N.J.S.A. 40A:11-6.1

N.J.S.A 40A:11-6.1 states, "a. For all contracts that in the aggregate are less than the bid threshold but 15 percent or more of that amount, and for those contracts that are for subject matter enumerated in subsection (1) of section 5 of P.L.1971, c.198 (C.40A:11-5), except for paragraph (a) of that subsection professional services and paragraph (b) of the subsection concerning work by employees of the contracting unit, the contracting agent shall award the contract after soliciting at least two competitive quotations, if practicable. The award shall be made to a vendor whose response is most advantageous, price and other factors considered. The contracting agent shall retain the record of the quotation solicitation and shall include a copy of the record with the voucher used to pay the vendor. Whenever two or more responses to a request of a contracting agent offer equal prices and are the lowest responsible bids or proposals, the contracting unit may award the contract to the vendor whose response, in the discretion of the contracting unit, is the most advantageous, price and other factors considered. In such a case, the award resolution or purchase order documentation shall explain why the vendor selected is the most advantageous."

Collection of Interest of Delinquent Taxes and Assessments

The statute provides the method for authorizing interest and the maximum rate to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The Governing Body on January 3, 2010 adopted the following resolution authorizing interest to be charged on delinquent taxes:

WHEREAS, N.J.S.A. 54:4-67 permits the governing body of each municipality to fix the rate of interest to be charged for nonpayment of taxes or assessments subject to any abatement or discount for the late payment of taxes as provided by law; and

WHEREAS N.J.S.A. 54:4-67 has been amended to permit the fixing of said rate of 8% per annum on the first \$1,500.00 of the delinquency and 18% per annum on any amount in excess of \$1,500.00 and allows an additional penalty of 6% be collected against a delinquency in excess of \$10,000.00 prior to the end of the calendar year;

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Borough Council of the Borough of Hillsdale, County of Bergen, State of New Jersey as follows:

1. The Tax Collector is hereby authorized and directed to charge 8% per annum on the first \$1,500.00 of taxes becoming delinquent after due date and 18% per annum on any amount of taxes in excess of \$1,500.00 becoming delinquent after due date and if a delinquency is in excess of \$10,000.00 and remains in arrears beyond December 31, and additional penalty of 6% shall be charged against the delinquency.
2. Effective January 3, 2010 there will be a ten-day grace period of quarterly tax payments made by cash, check or money order.
3. Any payments not made in accordance with paragraph two of this resolution shall be charged interest from the due date as set forth in paragraph one of this resolution.

It appears from an examination of the Collector's records, that interest was collected in accordance with the foregoing resolution.

FINANCE/PURCHASING

***Finding #10-01**

That some orders were made prior to being encumbered.

Criteria:

All local units shall maintain an encumbrance accounting system in accordance with N.J.A.C.5:30-5.

Recommendation:

All orders must be encumbered prior to purchase.

Borough's Proposed Corrective Action Plan:

The purchasing policy will be in place for each department within the Borough.

***Finding #10-02**

That a fixed asset accounting system was not maintained.

Criteria:

N.J.A.C.5:30-5.6 Codifies Fixed Asset Accounting – Technical Accounting Directive (TAD) #86-2.

Recommendation:

A complete fixed asset inventory should be completed and updated periodically. All fixed assets should be tagged and the corresponding tag number should be reflected on the fixed asset list.

Borough's Proposed Corrective Action Plan:

The Borough will consult with an outside firm to complete a fixed asset accounting inventory.

Finding #10-03

That there were balances in prior years' escrow accounts, but the status of those accounts could not be obtained from the approving authority (engineer, planning board, construction code official, etc.) and the close-out procedure was not complete.

Criteria:

N.J.S.A. 40:55D-53.2(d) close out procedure for developer's escrow account.

Recommendation:

Escrow account balances should be reviewed. Balances in escrow accounts should be refunded when the project is complete.

Borough's Proposed Corrective Action Plan:

The Borough will review the escrow account activities to determine if the accounts need to be closed out.

***Finding #10-04**

That the general ledgers were not reconciled on a regular basis.

Criteria:

N.J.A.C. 5:30-5.7 Codifies General Ledger – Technical Accounting Directive (TAD) #85-3 requires local units to maintain a general ledger.

Recommendation:

The general ledgers should be reviewed in a timely basis to assure that all items are posted and reconciled.

Borough's Proposed Corrective Action Plan:

The Borough will ensure that the general ledgers are maintained correctly and completely.

Finding #10-05

Monies collected were not deposited within 48 hours of receipt by the Recreation department.

Criteria:

N.J.S.A. 40A:5-15 states that all monies collected should be deposited or transmitted to the treasurer within 48 hours of receipt.

Recommendation:

All monies collected must be deposited or transmitted to the treasurer within 48 hours of receipt.

Borough's Proposed Corrective Action Plan:

Recreation department will deposit all monies collected within 48 hours of receipt.
