223 Members @\$127,031

**2017 as of 4/11/17**

182 Members @108,309.00

**Membership up form 2017 \$21,722.00**

**ISSUES**

**PLUMBING:**

Main water pipe into the heater room is cracked in two places one on the top coming into the building and one under the sidewalk that send water to Comp pool. Large 6" pipe broken in Main Pump house where water comes into the main pool, and the back flow preventer has a small crack in it at the Comp pool. New plumber is working on fixing this in the next few days. Patty reminded him that the comp pool needs to be ready by 4/16 for Lehmann pools to do the opening and for the Phoenix Aquatics to start their contract 4/20/18. Patty wants to go back to using Peterson Plumbing because we had no issues with cracked piping and this is the second year with problems. This could be an issue to getting the bathroom floors done without water. Patty will do her best to get this done before we open.

## ELECTRIC

Patty met with the electrician on 4/11 to go over some work need at the club. New stainless steel breaker box for the slide, new fan in guard room, fix fans in men's and ladies room. Get pricing on heater in Main pump house for service. The outlet by the slide keeps tripping and needs to be addressed

## DOME:

A short discussion was held, more information for next meeting

## ADVERTISING:

All ads will be ready to go for open house and June promo.

All in favor: Aye

Closed: 9:15pm

**The next regularly scheduled meeting of the Hillsdale Swimming Pool Commission is scheduled for May 9, 2018 @ 7:30pm. This meeting will be moved to Stonybrook for the summer.**
