If somebody is verbally abusing staff members, the Hillsdale PD will be contacted immediately.
We will conduct one additional discount opportunity for new members, if a person has not been a member since 2016 then they qualify for the discount. June 23-25.

Budget / Town Contractor

Still waiting on the additional charges from CFO.

New landscaper is not good, hasn't trimmed bushes yet, need weeding, hasn't mulched outer beds. Has meeting nothing done still. Some additional concerns include, not being complete in a timely manner for when we open nor their communication skills.

Additional meetings to follow with the landscaper to hopefully improve the quality of services.

Patty's Comp Days

Put on the agenda for her dates off, we can suggest as a commission but not make it official. It has to go to council. While there is some hesitation for giving any at all. They compromised on 3 comp days to be used in the summer. In the past, Patty received 5 comp days per year, for 12 years, to use at anytime during the year.

Payroll

There was no formal training on the payroll system, now Patty is responsible for entering payroll for all Stonybrook employees.
