**Future Plans:**

We hope to develop and create an indoor pool for current and future generations to utilize and enjoy for years to come at the swim club. This could be something we look at in 5 years or so.

Creating an 8-lane indoor competition pool could be the first pool of its size to host a competition in Bergen County. This space could include a party space, kitchen, coffee shop/snack stand, gym equipment, etc. It was discussed that other pools in the area are closing, not large enough, or older facilities. This space would attract swim teams in the area.

**Capital 2020:**

Some improvements include; sheds for storage, freezers, water fountains with refilling stations, lounge chairs.
