Re: New Home Construction

Mr. Biswas,

Your application the 2nd floor revision is *denied*. Plans indicate a roof height of 38.34 feet where 33 feet is allowed.

Sheet 9; Indicates a ground floor elevation of 52.58' and a roof peak of 90.92'. this would result in a structure height of 38.34'.

This decision may be appealed to the Hillsdale Zoning Board or you may apply for a variance. The variance application is available in the construction department at borough hall or online. Please note that under state statute, this appeal must be filed with this office not later than twenty days from the date of this notice. If you have any questions, please contact this office.

Sincerely,

A handwritten signature in black ink, appearing to read "S. Loesner", written over a horizontal line.
