Fields and outside Sports

Memorial field is under construction and things are going well. There is a lot of progress being made including a walk path, fencing and evening the fields. The total might be closer to 160k but if there is money left over Dewey would like the rec committee to have input on where the money goes. Anthony says that it is on the rec committee to make recommendations however the final call is made by mayor and council. Greg mentions that a lot of people in town were willing to help out and do some of the labor that is being done for free. Anthony says at this time due to COVID it would be dangerous to let the residents work.

Another grant will be coming. Dewey thinks the rec committee should have input on where this money is spent as well, since we are the end users. He would like to fight for creating rec programs over the summer as well as keep the rec director employed. Anthony says he will help out if baseball starts up again if Patty is not there.

Anthony received the plaque for the Neil (last name spelling)

John motions to close and Ann 2nds

Closed 8:01

Respectfully submitted,
Meredith Anides
